Subject RE: interior trespassing??? (UNCLASSIFIED)

Classification: UNCLASSIFIED  
Caveats: NONE

Yes, there is evidence that the scrappers have been getting inside as well. The city supplied us with materials to close the opening we found from the inside. We will stay vigilant for new forced entries.

Subject: interior trespassing???

Paul - could you ask the Jacobs folks if they've noticed any recent trespassing INSIDE the building. Both Scott Alfonse and Bob Andreoni asked this today, and I told them I didn't think so but would check.

Thanks - Dave
